GAS STRIKE AT VELASCO.

Figure 7. Texas. September 24.—Yesterday feinem at a few minutes after 3 o'clock is lacas well struck a heavy gas flow in broke through with an awful roar, subst cut of the teninch pipe with such as a to blow out 400 feet of the four-th cutsus the driller had started down to in through what he thinks is the cap in the oil stratam. Three or four peo-is in term as we had giner just as it affel and saw mud, water and pipe spout it field and saw mud, water and pipe spout it field and saw mud, water and pipe spout it field early in the carrier. They gave the alarm, the fearly in the stratas of the matter.

American Brewing Ass'n. 105 to Com. National Bank. 257 to Com. National Bank. 257 to Com. National Bank. 257 to Com. National Bank. 100 to 112 75 t

A the Fost correspondence of the property of the property of the well and learn a substant of the matter.

Blow reaching the well, however, they also that it was a gas blowent, and he grace, 200 at the past of the shull it off some time today; at the repairs to the destrick were small, as would not be long in getting to the standard of the property of the property

rear of the well is deafening. It es out in such force that a conversation set be carried on anywhere near it, the leager the party stayed there the series it got, and this morning the rear be beard in Velasco, nearly four miles it.

Run Down

Then don't expect to be cured in a minute! It takes a little time to get your blood pure and rich. We haven't from to explain. Just ask Your doctor why Ayer's Sarsaparilla is such a good medicine for debility, weak herves, and indigestion.

"I was very poorly and could hardly about the house. Then I tried ter's Sarsaparilla, and only two bota of it made me feel perfectly well."

Mrs. N. S. Swinney, Princeton, Mo. Margina at J. C. AVER CO., Lewell, Mass.

four-inch casing was blown 100 feet over the derrick and the joint with the delil on it went half way into the ground. The top of the derrick was blown off, but no other damage to mention has occurred. Yesterday some one put a stick of cord wood on the gas flow and it blew it to the top of the derrick. It is a grand sight and worth coming to see.

While the party was out to the heights yesterday the drill of the Bryan Heights company struck a small flow of oil. They now here should be succeeded to the company struck as small flow of oil. They now here about twenty feet of being as deep as the Lucus well, and are getting ready to go through the gas pocket, and if possible shut off that heavy flow of gas. The driller of the Lucus well now says that he will atake everything on oil being found on Bryan Heights.

OIL STOCK SALES.

Grace Sold at Lower Prices-National Higher.

Nearly all stocks were held at firmer prices during yesterday's call on the Hous-ton OH and Stock Exchange. An exception to the rule was Grace, which sold as low as 41%, after having reached 5% during the advance it made a few weeks 130. More was wanted at the decline, but on the final call it was not offered below 414.

Merchants and Mechanics' sold at 2 to 24, after having advanced recently to 24.

THE YACHT RACE TODAY.

The Official Forecast Promises Fair Weather and Good Winds.

THE SHAMROCK IS IN GOOD TRIM

But Her Owner Is Willing to Admit that She is Likely to Be Beaten by the American Boat.

Washington, September 25,-Offclai Forecaster Frankerfeld of the weather bureau tonight made the following weather prediction for tomorrow's yacht races:

"We will have tomorrow off Sandy Hook light to fresh north to northeast winds and fair weather."

Coher was lower than heretofore, selling at 7 to 71%.

National Oil and Pipe showed an increased demand, and sold at 28% to 25 with 30 asked at the close. Houston and Beaumont was also higher, one sale being made at 19, and no more was offered below 20.

Manhattan advanced a point, 42 being offered yesterday and 45 asked.

The prices bid and asked yesterday and the sales made:

UNLISTED STOCKS.

east winds and fair weather."

New York, September 25.—With a clear sky overhead and a north wind blowing a ratiling stiff breeze averaging twenty-seven miles an hour, the Shamrock and Columbia lay at anchor today in Sandy Hook hay not more than 250 feet apart. Sir Thomas was pleased when told that the official time allowance was forty-three official time allowance was forty-three seconds. "I am glad to hear the allowance seconds. "I am glad to hear the allowance is so small," he said. "The Shumrock is in excellent shape. If we should lose the race, she will have been in the most perfect condition that money could make

> New York, September 25 .- A number of small wagers on the yacht races were mitte in Wall street today, the prevailing odds being 5 to 4 on Columbia. Backers of the reported to be willing to give 7 to 10, but Shamrock money was comparatively scarce

even at these odds.

One firm of stock exchange brokers who are offering 5 to 1 have \$25,000 to pines at this price, but so far backers of the Lipton yacht have covered only a small part of this money.

London, September 25.-The betting in Lendon shows how slim are regarded the chances of the Shamrock II taking the America's cup. There is such difficulty to find takers that after 50 to 40 was twice laid, the Columbia's admirers were obliged to raise the olds to 10 to 80. Even this did not attract the betting men. The greening public is spathetic. The long, optimistic special dispatches from New York fall to convince. The newspapers here are trying to awaken interest in the race by more at less colorable initiations of American newspapers methods in aunouncing the progress of the cup races by electrical devices and ficeworks signals, one paper having arranged to run a couple of hunches with green and red lights respectively en the Thames. America's cup. There is such difficulty

irring to awaken the newspapers gereacy of the race by more or less colorable initiations of American newspaper methods in announcing the progress of the cup mees, by electrical devices and freedy an newspaper methods in announcing the progress of the cup mees, by electrical devices and freedy lights respectively on the Thames.

New York, September 25.—Weather sharps and yachting experts unite in predicting that a breeze will blow immerses that will give the Shamrock and the Columbia a race which will be menorable in the long series of cup events. If weather conditions of today presage anything, this has been been found in the face which will be menorable in the long series of cup events. If weather conditions of today presage anything, this method is a trace which will be menorable in the long series of cup events.
